

Causes

Due to drugs, alcohol, trauma or reciprocal exchange of energy, animal or human spirits or other forces can enter the body of a person. That person can take on trauma or manipulation that belongs to another, creating voices, compulsive disorders, multiple personalities, Turret's Syndrome and more. All these areas can be accessed and cleared with Holographic Kinetic Therapy Technique.

Time for change

Nearly 1000 students from over 40 countries around the world have been trained in Holographic Kinetics Therapy Technique and are obtaining the same results.

It is time we acknowledge the oldest race on the planet and allow the past atrocities, genocide, stolen generation and other trauma of the spirit that has passed through the cycles of time, into present day to be cleared.

What to expect?

A Holographic Kinetics healing session takes approximately 1 hour where you will lie comfortably on a massage table, in a normal waking state. Through kinetics, your spirit will indicate how, where, when and why you created the cause of any created effect, no matter how far back on your time line this may have been created or no matter how far back on the genetic hereditary line it may have been created.

In each session we are looking for the cause of about 3 effects and it is advisable to bring to your appointment a list of issues you may want to work on that are affecting you. However, don't go looking for your issues; remember where the focus goes the energy flows, as there may be suppressed memories or things that come to your awareness to be acknowledged, learned from, healed and let go of.

After the session, it is advisable take it easy, as your body could go through a defragging process over a 48-hour period.
